**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ted K. Ringsred on May, 21, 2009.

In the Specification

On page 1, line 1 of the specification, insert the following:: This application is a United States national stage filing under 35 U.S.C. § 371 of International Application PCT/US04/41194, filed December 10, 2004, which claims benefit to U.S. Provisional Application 60/533,172, filed December 30, 2003, the disclosure of which is incorporated herein by reference.

2. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 19, & 28 claim a method for the manufacture of a medicinal composition comprising acylating a biocompatible polymer (a polyester made of hydroxycarboxylic acid monomers) to form an acylated polymer and a "mixed anhydride" (the definition for which is provided in the specification), further reacting the mixed anhydride with a nucleophile (exemplified as a tertiary alcohol) to convert the anhydride to a carboxylic acid derivative capable of being converted to an acid in the absence of water, converting the derivative to an acid, and combining the resultant

polymer with a terminal carboxylic acid with a drug to form a composition. The steps of acylating a biocompatible polymer to form an acylated polymer and a "mixed anhydride" and further reacting the mixed anhydride with a nucleophile to convert the anhydride to a carboxylic acid derivative capable of being converted to an acid in the absence of water are unknown, hence the method distinguishes over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher R. Lea whose telephone number is (571) 270-5870. The examiner can normally be reached on Mon-Thu 7:30-5:00 ET.
